

Activity Name:	Autumn Leaf Windows	# 00173
-----------------------	----------------------------	----------------

My Child Learns:	<ul style="list-style-type: none"> • Development of Fine Motor skills • Creativity and Design • Working together on a project • Textures (rough, smooth, soft, crunchy, etc)
-------------------------	--

What Do I Need?	<ul style="list-style-type: none"> • Scissors • Clear sheet of contact • Variety of leaves from your garden
------------------------	--

How To?	<p>Ask your child to help you gather the materials from the garden and discuss the differing textures of what you find.</p> <p>Using your clear contact as a base (sticky-side up), encourage your child to stick the leaves to create a leaf collage. Make sure you don't use too many as the contact will not stick to your window.</p> <p>Your Autumn Leaf collage is now ready to display. Find a clear space on an internal window and attach the sticky side of the contact to the window.</p> <p>You should be able to see through the clear contact sections, but the leaves will look as though they are suspended on the glass!</p>
----------------	---
